PROTECT YOUR BUILDINGS

Which may be done with one-fourth the usual expense, by using our

PATENT SLATE PAINT, MIXED READY FOR USE,

Fire-proof, Water-proof, Durable, Economical and Ornamental.

A roof may be covered with a very cheap shin-gle, and by application of this slate be made to inst from 20 to 25 years. Old roofs can be patched and coated, looking much better, and lasting longer than the new shingles without the state, for One-third the Cost of Reshingling.

The expense of slating new shingles is only bout the cost of simply laying them. The saint is FIRS-PROOF against sparks or flying em-pers, as may easily be tested by any one.

IT STOPS EVERY LEAK, And for tin or iron has no equal, as it expands by heat, contracts by cold, and waven Chacks nor scales. Roofs covered with Tar Sheating Felt can be made water-light at a small ex-pense, and preserved for many years. This Slate Paint is

EXTREMELY CHEAP.

Two gallons will cover a hundred square feet of shingle roof, while on tin, iron, felt, matched boards, or any smooth surface, from two quarts to one gallon are required to 100 square feet of surface, and although the Paint has a heavy body it is easily applied with a brush

No Tar is used in this Composition, Therefore it neither cracks in Winter, nor runs in Summer.

in Summer.

On decayed shingles it fills up the holes and pores, and gives a new substantial roof that will last for years. Curixo or warpen shingles it brings to their places, and keeps them there. It fills up all holes in Felt roofs, stops the leaks—and although a slow dryer, rain does not affect it a few hours after applying. As nearly all paints that are black contain ran, be sure you obtain our genuine article, which (for shingle roofs) is

CHOCOLATE COLOR,

When first applied, changing in about a month to a uniform state color, and is to all intents and purposes SLATE. On

TIN ROOFS

Our red color is usually preferred, as one coat is equal to five of any ordinary paint. For BRICK WALLS Our BRIGHT RED is the only reliable Slate Paint ever introduced that will effectually prevent dampness from penetrating and discoloring the

plaster.
These paints are also largely used on outhouses and fences, or as a priming coat on fine buildings.
Our only colors are Chocolatk, RED, BRIGHT RED, and ORANGE.
